

|                              |   |
|------------------------------|---|
| LED Power                    | 30w   |
| LED Chip                     | US Bridgelux LED                            |
| Luminous Efficiency          | 105lm/w                                     |
| Lighting Angle               | 120°  |
| Efficiency of the Lamps      | ≥90%  |
| Illumination Uniformity      | >0.4  |
| Color-rendering Index (CRI)  | Ra≥70                                       |
| Temperature of Junction (TJ) | <65°C                                       |
| Number of the Light Source   | 30pcs                                       |
| Color Temperature            | 5500-6500K (could be customized)            |
| Working Environment          | Temperature: -40°C~60°C Humidity: 10%~90%RH |
| Protection Grade             | IP65  |
| Storing Temperature          | -40°C~60°C                                  |
| Working Lifetime             | > 50,000Hrs                                 |
| Power Pupply Driver          | Meanwell                                    |
| Input Voltage AC             | 90~305V                                     |
| Scope of the Frequency       | 50~60HZ                                     |
| Power Factor (PF)            | ≥0.96                                       |
| Power Supply Efficiency      | 0.87~0.95                                   |
